Do you want to spend some time growing in faith in the outdoors? Jensen Woods is a 550-acre wilderness camp where people of all ages can grow closer to God by spending time in his creation. The camp features treehouses, two ponds (one for swimming and boating, one for fishing), 15 miles of trails, several creeks, horses, campfire worship, and meals cooked over campfires. Each small group of campers will spend time team building and growing in faith and having LOADS of fun. We will swim in the pond, fish, ride horses, play in the creeks, hoot at the owls, hike, and play. We'll meet the challenges that living in the woods brings, spend time getting to know each other, talk about both important and silly things. We'll laugh, sleep, eat, pray and just hang out as well.
