

GUIDED TRAIL RIDES*!

We are not your traditional show up, get on, nose-to-tail ride. Instead, you will have the chance to brush and saddle your horse with our guidance, you will learn the basics of stopping and steering, and then you will enjoy our beautiful property on horseback. (This being said, please allow an additional hour of your time for prep and guidance.) Timid groups can take our shorter confidence building ride, while folks with some experience can expect a more challenging ride.

(*6 person group max.)
